

# Lenten Project for Orphanage

Please consider purchasing jeans, pants or shirts (sweatshirts, sweaters, shirts) in the sizes listed below. The requirements are that new tags from the store must still be attached to the items. Specific sizes are designated to each class to ensure the needs of the orphans are met; however, if you have any new clothes with tags attached in any size (newborn-adult), they will be gladly used by the orphanage. They are in dire need with dwindling donations these past few years, and we are their sole source of clothing. Warmer clothing is preferred due to lack of a heat source and outerwear during winter months. In addition, there is always a need for new gym shoes in any size. This will be a great connection for your child to buy these items for the children they are praying for in class. Any donation that you can make will be greatly appreciated. **Thanks for your support!**
